

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of *Chas. H. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic, all Teething Troubles and Diarrhoea. It regulates the Stomach and Bowels, assimilates the Food, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS

THE CENTAUR COMPANY, NEW YORK CITY

SCHOOL AT DUNCAN CLOSSES AT END OF A SUCCESSFUL YEAR

WEATHER SHOWS SIGNS OF WARMING UP; COLD HAS DELAYED CROPS.

Enjoyable Picnic is Held at the School House on Sunday With Several Outside Guests Attending. Work on Telephone Line is Being Held Back.

(East Oregonian Special.) DUNCAN, Ore., June 1.—The Duncan school closed last Friday after a successful term.

The weather has been cold and disagreeable for the last week. It seems to show some signs of warming up. It is hoped that it will on account of the hay crop.

A very enjoyable picnic was held at the school house last Sunday. Among the outside visitors attending were: Mrs. S. A. Bryson, Mr. and Mrs. M. R. Graves, Miss Helen Candish, Mrs. J. S. McLeod and son John from Pendleton, Mrs. Cal Clemens of Burns and Walter Bonifer of Gibbon.

Miss Velma Marple, who taught the last term of school here, remained for the picnic, leaving for her home in Nolin, yesterday.

R. A. Bottcher, local forest ranger, was in Huron Sunday, looking after business.

S. J. Stearns of Gibbon, was a Duncan visitor last Sunday.

Mrs. Ida Wilbur and Mrs. J. P. McLaughlin are spending Decoration day in La Grande.

The work on the telephone line has been suspended indefinitely on account of being unable to secure "split tree" insulators. The factories are filling war orders.

Ed Baker of Pendleton, spent Sunday in Duncan on a fishing trip.

2 Hurled Through Door.

SAND POINT, Idaho, May 31.—Three men were burned, two of them seriously, here in an explosion of sewer gas, caused, it is believed, by a lighted candle.

Fred Heiverson, employed at the city's septic tank pump station, was hurled ten feet through a narrow trap door in a shoot of flame. Ole Bendixon, although stunned at first and with his clothing on fire, managed to climb a ladder and was lifted out by Heiverson. J. K. Ashley Jr., city engineer, sustained minor injuries and burns by being blown through an open door way.

Chamberlain's Colic, Cholera and Diarrhea Remedy.

This is a remedy that every family should be provided with, and especially during the summer months. Think of the pain and suffering that must be endured when medicine must be sent for before relief can be obtained. This remedy is thoroughly reliable. Ask anyone who has used it. Obtainable everywhere.—Adv.

Prisoner, in Jail, Robbed.

CHESTER, Pa., May 31.—Posting as a "janitor," a stranger walked into the lockup here and filched \$100 from a prisoner, out of \$15 and made a safe getaway. He told the prisoner the chief wanted the money for safe keeping. Bennett discovered his loss when he found the real janitor is a negro, while the filchman was a white man.

Greatly Benefited by Chamberlain's Liniment.

"I have used Chamberlain's Liniment for sprains, bruises and rheumatic pains, and the great benefit I have received justifies my recommending it in the highest terms," writes Mrs. Florence Siff, Dabash, Ind. If you are troubled with rheumatic pains you will certainly be pleased with the prompt relief which Chamberlain's Liniment affords. Obtainable everywhere.—Adv.

HARVARD BOXING CHAMP MAY ENTER RING.

patrick put himself under John L.'s management for from three to five months, after which the old gladiator thinks the collegian will be ready to give battle to Frank Moran. With Moran disposed of, Willard would be challenged. Sullivan believes that Willard has but one or two good fights left in him and that Kirkpatrick could handle him when the time came. Kirkpatrick hails from Texas.

Chemists Ready for War.

CHICAGO, May 31.—Preliminary reports to the Illinois committee of the naval consulting board, made public recently, indicate that the chemists in the state will make a good account of themselves in event of war against the United States.

The state survey shows that 10 per cent of all the chemists in the country are residents of Illinois and that chemical resources of the state for production of war materials are far greater than was estimated when the committee was created.

The chemical end of the investigation to determine what Illinois can do in aid of National defense has been directed by William Hoskins, of Mariner & Hoskins, representing the American Chemical Society on the Illinois committee. Mr. Hoskins reported that chemical experts and producers in the state have enthusiastically aided in the survey.

The present war is a chemist's war," said Mr. Hoskins. "That fact is recognized unanimously by the chemists of Illinois, who are now studying how to so fortify industry against dependence on imports that America can at all times supply its chemical needs. Having that, no foe may dare to strike."

"As to armament, ordnance and rifles, the special tools for their manufacture, as well as the materials used

INNOCENT MAN BARELY ESCAPES SENTENCE

MRS. E.C. DEVINE & DAUGHTER. (IN CIRCLE) RICHARD F. PARKER.

CHICAGO, June 1.—For a crime committed by a double he had never seen until recently, Ernest C. Devine, now wealthy and head of a theater corporation here almost went to prison as a forger. His case is one of the strangest on record and the details have just come to light through Mr. Devine, who visited his convict double in the state penitentiary at Charlestown, Mass.

Late in the summer of 1908, Richard F. Parker (one of the aliases assumed by the "double") opened an office in Worcester, Mass. He closed a bond deal involving \$30,000 with A. B. Turner, a Boston broker. Turner subsequently found that the check handed him by Parker was a pure forgery.

About a month later a Boston detective walked into the office of Edward M. Deane and Co., bankers of Chicago, where Devine was employed and arrested him. He answered the description of Parker to the minutest detail. Their physical features were the same. Both had brown hair, which grew back from the forehead, and each had a tiny dimple in the end of his nose. Mr. Turner was summoned from Boston. He positively identified Devine as Parker. Several of the Turner firm also declared the innocent man the person who robbed the

company of \$30,000 by the bad check. Devine was hurried out and put through the third degree. He was beat, kicked and insulted, but could give the detectives no satisfaction. Extrajudicial papers were signed, allowing the police to send Devine to Boston for trial. The innocent man's attorney immediately asked for a writ of habeas corpus and a hearing was ordered.

Devine was asked to write his name so that it could be compared with Parker's on the check. The signatures tallied exactly. Finally Devine was able to prove an alibi. He had been with A. K. Brown, president of the Kenwood Trust Company in Chicago at the very hour the forged check was handed to Turner in Boston.

Although Devine was immediately freed of the charge he was a marked man for several years and lost one position after another when his employers learned that he had once been tried for forgery. However, he persisted and today is prosperous.

Parker, the real forger, was not arrested until 1914, at Atlantic City. He was wanted for passing a forged check on a Philadelphia firm. Other forgeries were traced to him and finally Mr. Turner identified him as the man who gave him the worthless check for which Devine almost went to prison.

Supervisor of the Whitman Forest Dies. BAKER, Ore., June 1.—Henry Ireland, supervisor of the Whitman National Forest, died suddenly at his home at Sumpter of heart failure. Mr. Ireland was about 5 years old and leaves a wife and two children.

To aid persons to sleep in daylight, an opaque mask to be worn over the eyes has been invented.

PURE RICH BLOOD PREVENTS DISEASE

Bad blood is responsible for more ailments than anything else. It causes catarrh, dyspepsia, rheumatism, weak, tired, languid feelings and worse troubles.

Hood's Sarsaparilla has been wonderfully successful in purifying and enriching the blood, removing scrofula and other humors, and building up the whole system. Take it—give it to all the family so as to avoid illness. Get it today.

TOKIO REPORT DENIED BY CHINESE LEGATION

STATEMENT SAYS YUAN SHAI KAI IS NOT GRAVELY ILL, AS SAID.

WASHINGTON, June 1.—The Chinese Legation issued the following statement: "The Chinese Legation at Washington denies the Tokio report that Yuan Shai Kai, president of the republic of China was gravely ill. In a cablegram received this morning

from Peking in reply to the legation's query, it is stated that the Tokio news reporting the illness of President Yuan Shai Kai was untrue." Both the legation and the state department claimed to be without information concerning the conference at Nanking called for the purpose of deciding whether Yuan Shai Kai should continue in the presidency.

Following recent discoveries of deposits, an American syndicate has opened a manganese mine in Panama.

Thankful For Relief Remedy Brought Her

SAYS FRUITOLA AND TRAXO POSSESS ALL THE MERIT THAT IS CLAIMED FOR IT.

After completing the necessary treatment, Mrs. S. S. Cole, Lampasas, Texas, was so well pleased with the results that she wrote the Pinus laboratories as follows: "Fruitola and Traxo are all you claim. It removed a quantity of gall-stones and I feel sure it saved my life. I am well now and thankful to you for the great good your medicine has done me."

Fruitola is a powerful lubricant for the intestinal organs and one dose is usually sufficient to clearly demonstrate its efficacy. It softens the congested masses, disintegrates the hardened particles that occasion so much suffering and expels the accumulated waste to the great relief of the patient. Following a dose of Fruitola, Traxo should be taken three or four times a day in order to rebuild and restore the system that has become weakened and run down from constant suffering. It is a splendid tonic, acting on the liver and stomach most beneficially.

Fruitola and Traxo are prepared in the Pinus laboratories at Monticello, Ill., and arrangements have been made to supply them through representative druggists. In Pendleton they are obtained at Tallman & Co.'s, 623 Main street.

WARREN'S MUSIC HOUSE

A Sensible Cigarette

CAMBRIDGE, Mass., June 1.—Harvard may soon be represented in the professional prize ring. O. G. Kirkpatrick, Harvard's strong man in 1914, star football player and heavyweight boxing champion of the University, is considering an offer from John L. Sullivan to turn professional.

Kirkpatrick made a trip to Sullivan's home at Abington, where the former champion proposed that Kirk-
